

## Accompaniments Face-to-Face Exams 2023

Our in-house accompanist Tom, has over 20 years experience with examinations. He specialises in accompanying ABRSM face to face and performance exams, using his expertise and dedication to guide students, putting them at ease throughout the entire process.

Accompanying an exam is not only about playing the piano, it is about building rapport between the two instruments, helping the soloist to lead and shape the music in order to create a performance that will get them the best marks they are capable of. We aim to build their confidence and make the exam performance as enjoyable as possible.

Tom can also run through and guide students on Aural Tests within rehearsals. For more about Tom you can check out his Bio on the Teachers Page.
